H. Sherwood, manager of the Fresno Milling Co., of Fresno, Cal., was in town last week.

Miss Ruby Jewell, of San Francisco, is in town on a two week's visit to her friend Mrs. Taggart.

Miss Howell is temporarily teaching the public school here during the illness of Mrs. Livingston.

Leo Raugh injured one of his eyes on Thursday last by accidentally running a piece of wire into it.

Carpenter Carter has been engaged in building a new kitchen on Mrs. Manley's house during the past week.

Three of four freight trains per day each way seem to be the regular thing on the Atlantic and Pacific railroad.

Tuesday's west-bound passenger train was eleven hours late, caused by a special orange train getting off the track.

Messrs. Dennis and Lynch, of the Arizona Sampling Works, took a trip to Stockton Hill on Wednesday.

W. B. Ridenour came in on Tuesday from Hackberry, equipped for a long prospecting tour. We hope he will strike it rich.

The firm of Beecher & Russell have dissolved partnership. Charles Beecher will continue the business at the old stand.

W. G. Whorf, representing the Hercules Powder Company of San Francisco, was in town yesterday and made us a pleasant call.

The weather is so warm that making adobes has already commenced. Ninety thousand adobes will be needed in Spear's hotel alone.

District Attorney Williams expects to be able to move into his new residence on the corner of Fifth and Oak Streets next week.

Mrs. M. A. Johnson fell off the porch of her house on Tuesday last and sprained her ankle, besides severely bruising one of her arms.

Pond's Extract. In cases of Headache, whether Bilious or Nervous, bathe the head for a few minutes with the Extract, and the pain is gone.

Johnny Malligan is developing quite a stone quarry near the eastern limits of town. The stone appears to be excellent for building purposes.

J. H. Drury, formerly master carpenter on the Atlantic & Pacific road, has been reappointed and will assume the duties of his old position at once.

The loss of Wells, Fargo & Co. by the Needles railway disaster is estimated at \$10,000, including the \$8,000 coin lost in the ruins of the burnt treasure.

Dr. Livingston informs us that all of the persons injured in the recent accident at the Needles are rapidly recovering from the effects of their injuries.

The name of W. B. Strong, President of the Atchison, Topeka & Santa Fe Railroad has been added to the list of references of the Arizona Central Bank.

If you are not already a subscriber to the MOHAVE MINER, send us your name and address and one dollar and we will send you the paper for three months.

General Manager Sands has issued an order prohibiting the sale of the Police Gazette and like publications on the passenger trains running on the A. & P. railroad.

Dr. Burdick left for Los Angeles on Wednesday morning on a ten day's visit to his family. The doctor expects to commence the erection of a fine residence on his return.

We hear that the railroad eating house at Peach Springs is to be enlarged and turned into a first-class hotel for the purpose of accommodating visitors to the Grand Canyon of the Colorado.

Night Watchmen Asbury would like to have a few more of the salary. Mr. town contribute towards his salary. Asbury thinks that fifty or sixty a month is hardly enough for a man to walk the streets all night, and we agree with him.

Richard Gird, an old Arizonan, and some San Francisco parties, have just completed the purchase of a hundred thousand acres or more of the finest grazing land in Sonora, Mexico, which is abundantly watered. It is their intention to make it one of the largest cattle ranches in that state.

Frank Abrams has moved over from Mineral Park and is prepared to do light hauling about town, or carry passengers to Stockton Hill, Mineral Park or elsewhere. Frank is one of the oldest residents of the county, and being badly crippled with rheumatism has to depend on what he can make off his team to support himself.

We call attention to the advertisement of the Bank of Flagstaff, which appears in this issue. This is a home institution; its officers are home men, well and favorably known throughout the Territory; its profits will be spent at home. We believe in patronizing home enterprises and trust that the new bank will receive the patronage it deserves.

Some dealers and business men have adopted a good plan to ascertain to whom to give credit. When a man asks for credit, the dealer or party of whom the indulgence is asked, ascertains if the applicant is a subscriber to his home paper, and if so, whether he pays for his paper promptly. If he does he gets the credit. If he does not it is refused him. This criterion is a good one to judge by.

The astronomers from every part of the globe are now pointing their glasses at the firmament in quest of the beautiful star of Bethlehem, which, it is predicted, is to appear this year. At about the date of the birth of Christ this star appeared and so bright was it that it was visible to the naked eye at noonday. At intervals of from three to four hundred years, this blazing wanderer has made its appearance for a brief season, and then vanished. Its size is estimated to be many hundred times larger than our sun.

An exchange relates how a certain subscriber supported a paper. It says: "The editor presented a bill for eight years' back subscription. The old farmer was first amazed, and then indignant. He put on his spectacles, scrutinized the bill and, after assuring himself that it was genuine, exclaimed: 'I've been supporting this paper for night on to eight years, and I never had no such thing as that flung at me before. I'll stop supporting it.' He not only withdrew his valuable support, but failed to pay his bill."

Hoof & Horn says of the new Bank of Flagstaff: Its president is Hon. W. G. Stewart, one of the best known men in Northern Arizona. The bank is one entitled to the confidence of the business public of Arizona, as the high standing and irreproachable character of the men are sufficient to guarantee that it will not partake of the "pawbroker's" style, which has hitherto proved so baneful to the southwest generally. The liberal policy of "live and let live" promises to characterize the Bank of Flagstaff, as will be seen by its promise to pay interest on all time deposits.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Watkins Bros' Drug Store, Large bottles \$1.

Wedding Bells.

On Thursday evening last Miss May Murray and James W. Michaels were united in marriage by Rev. W. G. Blakely at the residence of Mr. and Mrs. A. H. Smith, in the presence of numerous friends. After an hour spent in receiving the congratulations of their friends the wedding party adjourned to Tuggart & Co's hall where dancing was indulged in till 2 a. m. At midnight the numerous party present were invited to sit down to an elegant wedding supper, during which numerous toasts were proposed and drunk to the health, happiness and prosperity of the bride and bridegroom. The Misses wished the newly married couple a long and prosperous voyage on the sea of life.

Saved His Life.

Mr. D. L. Wilcoxson, of Horns Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained eighteen pounds. He is now as healthy as a horse and has died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Watkins Bros.

Items From El Dorado Canyon.

Messrs. McGregor and Riggs, of the Silver Legion, have some excellent ore. Mr. Powers is running an arrastra and contemplating putting another in operation.

The "Gold Mine," a few miles below the Canyon, is progressing favorably under the management of Al Grant.

At the Techatticup mine rumor says there has been a new strike. John Hues is the foreman and that means success.

At El Dorado Canyon Mr. Mills continues with his able management of the matters pertaining to the Southwestern S. M. Co., which are proceeding slow but sure.—Pioneer Record.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of those manufacturers. Especially is this the case with Green's August Flower and Boudier's German Syrup, as the reduction of thirty-six cents per dozen has been added to the remedies, thereby giving them a great increase in value.

The August Flower for Coughs, Croup, and the German Syrup for Coughs and Lung troubles, have been the largest sale of any medicine in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottle for 10 cents remains the same size.

OUR MINES.

What the Miners of Mohave County Have Been Doing the Past Week.

John Buckley sent over a couple of tons of lead ore from one of his claims near Chloride.

Ore is coming into the Sampling Works more freely than at any time during the present year.

Wm. Brandon brought over a ton and a half of ore from the Pennsylvania mine on Thursday which went very well.

Tom Burch brought up nine sacks of very rich ore from the Hibernia mine, Cedar district, but has not had it worked yet.

The Sampling Works were busy yesterday this morning putting through ten lots of ore from Prescott, about two carloads in all.

Geo. Mendez had four tons of ore from the Illinois mine worked last week, and George went home very well satisfied with the pecuniary result.

Michael Labrosse brought over 1200 pounds of first-class ore from the Independence mine at Chloride, of which he has a portion leased, which went over \$800 to the ton. He also had about half a ton of second-class ore which worked over \$200. Pretty good ore this.

Messrs. Potts and Kenney were in town for a few hours last Sunday from Wallapai Mountain. The claim they are working on is one located by Gus. Gatewood some twelve or fifteen years ago, and from which he took out several sacks of ore that yielded over \$4,000 to the ton. The claim is now owned by Mr. Potts, who is trying to find another pocket of the same kind of ore.

John Burt is in town from the Congress mine, Cedar district, and informs us that he has a pack train at work hauling ore from the mine to Owen's Spring, from whence it will be hauled to Yuca station and thence by rail to Kingman. Mr. Burt has a large body of ore in sight and can take it out faster than he can get it packed over the mountains. He expects to keep an eight mule team at work between Owen's Spring and Yuca.

The undersigned offers his services as an expert book-keeper and accountant. New books opened and tangled ones straightened out. Letters written and legal papers copied. Everything kept strictly confidential. Address B. Moss, care of Recorder's office, Kingman, Arizona.

What True Merit Will Do.

The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of colds, coughs, and the severest lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does not dry up a cough and leave the disease all in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, saves doctor bills and all long spells of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles \$1.

Plans For Court House.

The Board of Supervisors of the County of Mohave, having under consideration the erection of a Court House in the town of Kingman, invite carpenters, builders and others to present plans for the same at the meeting of the Board on Monday, April 4th, 1887 at 2 o'clock p. m.—the building to be of wood, two stories, with fire-proof vaults or offices for the Recorder, Probate and District Clerks, and to cost in the neighborhood of five thousand dollars.

Should the Board accept any of the plans presented a small remuneration will be paid for the same.

For further information apply to the Chairman or Clerk of the Board.

By order of the Board.
